

Infection Control Coordinator - Fulltime - Froedtert Hospital Milw, WI

Regular Scheduled hours: 0730-1600

On call : yes

Job description:

Coordinates and maintains a proactive infection control program based on prevention, surveillance and intervention for Froedtert-based inpatient and outpatient departments.

Knowledge of infection control theory and practice at a level normally acquired through completion of a Bachelor's degree in nursing and 3-5 years of hospital experience. Current state of WI licensure as a registered nurse required. Interpersonal and communication skills to prepare reports, interact with physicians, management and staff members and verbally report to committees. Ability to concentrate and pay close attention to detail for up to 75% of the time when conducting surveillance, entering data and preparing information. Familiarity with computer software programs is preferred. Certification in Infection Control desired.
